ASKS PLACE IN CABINET.

CHICAGO, September 20. — The American Farm Federation has adopted resolutions demanding representation for farmers and stock raisers in the cabinet and opposing government price-fixing of farm products. The resolutions also demanded that the government "make a study of the agricultural products and cost of producing, so that frequent, abnormal and ruinous fluctuations in prices of farm products may be avoided," and urge revision of the tariff on agricultural and farm produce.

The resolutions "especially demand that the Secretary of Agriculture be a practical farmer."

The Big Sign

They've put a monstrous wooden sign, where it obstructs my view; I cannot see the sunlight shine upon the waters blue. The sign appeals to passing rubes, and asks them for their trade; it says, "Eat Bulger's Tires and Tubes—the Kind that Mother Made." Before I lay aside the lyres whose strings I madly scratch, I s'pose I'll buy a thousand tires, with inner tubes to match. But take this statement from my hand, and paste it on your chest: In tires that bear the Bulger brand I never will invest. For Bulger's sign offends my eye and makes my spirit sore, shuts out a section of the sky, degrades the blue sea's shore. I show that signboard to my friends, and they get mad with me, and say, "Our trade with Bulger ends, when crimes like this we see." Old Bulger's tires may be as fine as any casings made; but when he raised that beastly sign, he lost, for keeps, my trade. I'll toil along on weary limbs, or drive two claybank mares, or run my car upon its rims, before I'll buy his wares.

ANTI-SUFFRAGE LEADER MADE OFFICIAL IN PARTY

More Former Opponents of Votes for Women Than Supporters on Virginia District Roll.

RICHMOND, Va., September 20 (Special).—The third district committee has named the women who are to serve on the state democratic committee and on the congressional committee.

Mrs. Frank D. Williams of Richmond, who led the anti-suffrage element in opposition to equal suffrage, is made a member of the state executive committee, and the congressional committee consists of five women, at least one of whom, Miss Emma Morris, has been conspicuous in her work to prevent the ratification of the amendment to the federal Constitution.

The suffragists are wholly pleased with the selections, saying that they wanted the ballot for the women, and that they had no desire to shut out those who opposed.

Mrs. Williams also issued an appeal in which she called on the women of the state to register and vote. One of the best informed politicians of the third district said yesterday that his information was that far more anti-suffragists had registered than suffragists.
